

Make a Tambourine!

Things you'll need:

2 dessert-size paper plates, 1 yard of yarn or string, bells, hole punch

Hold two paper plates together, face-to-face, and **punch holes around the rim** using a hole punch.

Lace the piece of yarn through the holes (wrap a piece of tape around one end to make it easier to thread); **String on a jingle bell** every other hole, then double-thread the yarn through the hole to secure the bell. Knot the ends of the yarn together when you have sewn all the way around the plate.

Time: Approx. 20 minutes or less
